PRIVACYNOTICE

Team GSP 7v7 sign-up at gsp7on7.com

Duluth Athletic Club, Inc., d/b/a Georgia Sports Performance

This notice explains what Duluth Athletic Club, Inc., doing business as Georgia Sports Performance, collects when you sign up an athlete, why, where it goes and for how long it is kept. It describes Georgia Sports Performance's practices and is not part of the Participant Agreement.

1. Who fills in the form

1.1 For an athlete under 18, a parent or legal guardian fills in the sign-up and gives every consent; an athlete aged 13 to 17 also signs a short acknowledgment. No child under 13 is asked to enter their own information. An athlete 18 or older signs up for themselves.

2. What Georgia Sports Performance collects

- **About the parent or guardian:** name, relationship to the athlete, email, mobile number, and, if given, address and a second parent's or guardian's details.
- **About the athlete:** name, preferred name, date of birth, school, grade, team, positions, football experience, current team, requested jersey number, and, if given, height and weight. For an athlete 13 to 17, the athlete's own email and mobile number unless the parent says the athlete has none.
- **Health and emergency:** an emergency contact; allergies, medical conditions and medications; whether the athlete had a concussion in the last 12 months; the heart history questions; and any health care provider clearance.
- **Agreements:** each tick, typed initials, typed name, drawn or digital signature, the date and time, the text shown, and device and browser information recorded at signing.
- **Payment:** the amount due and, in Exercise.com, whether and when it was paid. **Card numbers go only to Exercise.com and its payment processor; Georgia Sports Performance never sees or stores them.**
- **Incidents:** reports of accidents, injuries and incidents made to coaches on site.

3. Why Georgia Sports Performance uses it

3.1 To run the tryouts and the Season; to place the athlete on the right team; to contact the family; to keep athletes safe and give emergency information to responders; to keep a record of the agreements and incidents; to process and record the payment and Georgia Sports Performance's accounts; to promote Georgia Sports Performance and the athlete as the Photo and Video Release allows; and, if you agree, to send emails about other Georgia Sports Performance programs.

4. Who receives it

- **Georgia Sports Performance's sign-up system** on Microsoft Azure, in the United States, which holds the full sign-up record.
- **Exercise.com** , Georgia Sports Performance's member system, which receives the athlete's sign-up details when the sign-up is sent, **including the emergency contact and the health answers** , so that staff and coaches can see them at activities. Exercise.com also takes the tryout fee payment. Georgia Sports Performance limits access to them in Exercise.com to staff and coaches who need them for safety.
- **Tournament organizers** , who receive the roster details they require, such as the athlete's name, date of birth, grade, school and, if asked, home address.
- **Emergency responders and medical providers** , as the Medical Treatment Authorization allows.
- **Courts, arbitrators, insurers, lawyers, card issuers and government agencies** , when the law requires it, to report suspected child abuse, or to deal with a claim or a card dispute.

4.1 **Health answers are never put in emails.** Georgia Sports Performance does not sell personal information.

5. How Georgia Sports Performance contacts you

5.1 Georgia Sports Performance sends written messages by email only and does not send text messages. Georgia Sports Performance may telephone the parent, guardian or emergency contact about the athlete's safety or a same-day schedule change. Emails about other Georgia Sports Performance programs are sent only if you agree, and each has an unsubscribe link.

6. How long Georgia Sports Performance keeps it

- **Signed agreements, health answers, health acknowledgments, clearances and incident reports** are kept until the athlete turns 25, or for six years after the athlete's last Georgia Sports Performance activity, whichever is later.
- **Other sign-up details** are kept for three years after the athlete's last Georgia Sports Performance activity.

6.1 Georgia Sports Performance's sign-up system then deletes these records automatically. Georgia Sports Performance keeps any record it needs for a claim, dispute, card dispute, report of suspected abuse or legal hold until that matter ends. Copies held by Exercise.com are kept under Exercise.com's own rules and Georgia Sports Performance's accounting needs.

7. Security

7.1 The sign-up system encrypts stored information, and only Georgia Sports Performance's authorized staff can sign in to see it.

8. Your choices

8.1 You may ask Georgia Sports Performance to see or correct the information it holds about you or the athlete by emailing jeff@georgiasportsperformance.com. Georgia Sports Performance keeps records it needs for safety, legal or accounting reasons for the periods above.

9. Changes and contact

9.1 Georgia Sports Performance may update this notice; the version shown at sign-up applies to that sign-up. Questions: jeff@georgiasportsperformance.com, or 560 Old Peachtree Road, Suite 200, Suwanee, Georgia 30024.

☐ I have read the Privacy Notice.

☐ Optional: send me emails about other Georgia Sports Performance programs and events.
